Customer Reviews

Good quality book and quick delivery. The reason why I took off a star was because it smells like cigarette smoke. This is for my 11 year step daughter's band class and I'm trying to get it out of the pages.

Just what we needed for our budding percussionist. Got here super fast and had the cd

great

My son uses this book at school in band class and requested that I buy this so he can practice at home. He is in 5th grade and just started playing the trombone this school year. He says it is a great book.

Good book for beginning flute. It is the one my professor requested. *ÀfÀ À Å,À â,,çÀ â*

The CDs are nice to hear what it is you are supposed to sound like and to play along with after you get the piece down. Do get both book 1 and 2 if this is the series you are going to use. Once you get going, it doesn't take long to want more pieces to play.

The music teacher requested this book. Small short pieces that increase in difficulty as the kids progress. Not bad.

10/10 would buy again.
