Customer Reviews

Great cover but filled with flavorless fluff inside. Everyone is too perfect in looks and socioeconomic status. I love Christmas and was left with an empty package instead. FROWN!

While it could be very captivating, the book lags in places. Although not one-dimensional, the characters could use a little more development. Each time the author starts show a little of the character, the story gets dropped. There are too many story lines for one book, allowing for no real space. I am not a writer, just a reader. Linda West shows great potential. I would like to keep an eye on her future writing, hoping for improvement along the way. It might help her to find a good editor for encouragement and re-direction when she runs off on those rabbit trails.

I loved this book so much I started to read the second one Holiday Kisses and Valentine Wishes.

The place in this story is a wonderful place filled with love and happy thoughts. I couldn't stop reading it was so captivating and you had to see what the next chapter was about. I am excited about the 3rd in this series is in the process and can't wait for it to be done.

This is a sappy sweet perfect Christmas story. The perfect kind that I enjoy reading the week of Christmas; HOWEVER, it reads like a beginning writer penned it. Very redundant sentences and the editing was just bad. If I hadn't been looking forward to a happy ending, I would have put it down. The errors were that distracting. Not a bad book for \$3.00 though.

Funny holiday Christmas story with a little cookie competition. How will these lady's make the cookies so they can win.

Fun competitive and true to life how interested we get in winning little things at Christmas. Very good read.

The story line was good, and had potential, however, the choppiness of the changing settings was annoying. The very poor spellings and grammar, "the cookbook lied open on the counter" etc were even more annoying. Unbelievable stupidity on our heroine's part again annoying. The settings were well written in LA and Vermont, and descriptions were lively.

This was a great short story about Christmas magic. Love for family and togetherness at Christmas time.
