Mer World Problems: A Coloring Book Documenting Hardships Under The Sea

Synopsis

Mermaids might seem to have it all, with their shiny tails and fancy seashell castles, but life under the sea is full of difficulties. This coloring book features twenty examples of the most pressing issues mermaids face, including socially inept sea turtles, barnacle breakouts, interpersonal issues with fish, lack of wifi, and more. Theo Nicole's Lorenz's humorous, offbeat coloring books are perfect for anyone looking to break outside the world of patterns and mandalas, and add some laughter along the way!

Book Information

Paperback: 48 pages

Publisher: Sourcebooks; Clr Csm Re edition (June 1, 2016)

Language: English

ISBN-10: 1492647225

ISBN-13: 978-1492647225

Product Dimensions: 8.5 x 0.1 x 11 inches

Shipping Weight: 5 ounces (View shipping rates and policies)

Customer Reviews

This book is cute. It is not super detailed so there is going to be a lot of work left to the person drawing when it comes to shading, scene and accent. On one side you can really make the image yours. On the other, it is a bit of a challenge and you have to prethink what you are trying to accomplish with the end result. The characters are warm and family friendly. No sex kittens there. Some of it is very goofy, some is silly, some is just meh. The pages are only printed on one side so you can go at this with several types of material. The paper is reasonably sturdy but I'd double check marker.

Just when I thought Theo's coloring books could not get more amazing, this hit my mailbox! I'm the mom of 4, 9, and 14 year old boys, and there is something for every age group in this book.

This is a cute idea for a coloring book. It is very much a parody on other under the sea story lines (I'm looking at you mermaid movie from popular children's film company) but it is still appropriate for younger people and adults alike. I was slightly disappointed by this fact. I was expecting was really cutting adult humor, but this book does not have it. What it does have is pages filled with dad-jokes about living under the sea. This is an amusing coloring book, but it is very appropriate for all ages, and it isn't a very thick book. If you enjoy adult coloring books with a lot of detail, this probably isn't for you. I snatched this up when the price dropped, but I probably wouldn't be re-purchasing anytime soon.

Awesome coloring book. Bought it for a friend (adult) who loves mermaids. Funny and cute and cheeky and way cooler than the more common, traditional, princess-y depictions of mermaids. The jokes are meant to be understood by grown women, but I would recommend this for a teen, too (if she still likes to color, and isn't ashamed--WHICH SHE SHOULDN'T BE, BECAUSE COLORING IS FUN). Enjoy!

I love this coloring book-- first, it's hilarious. Second, it's different than those mindfulness coloring books with all of the patterns--those things just stress me out! This one allows for creativity with its use of negative space--i'm able to shade, color, draw, and do whatever else I might want to in the space provided. Definitely nice for anyone that doesn't like the idea of coloring in tedious and intricate patterns but still wants to get some peace of mind while coloring some rad pictures.

got this as a gift for a friend. graphics are pretty hilarious, but page quality seems a little low. i would worry about bleed through if using markers. although the pages are one sided so it's not a huge deal.

The pictures were great, although not necessarily my preferred art style. The captions were amusing, though, and the scenarios interesting. I appreciated the effort to make all of the merfolk not look the same, and most important, I appreciated that these were not the tiny, overly-intricate designs in most adult coloring books. These pages were fun to color, I only wish the book had been longer, esp for the price.

Pretty pictures and funny writing. Has kept us entertained for hours.
