Mitch O'Connell Tattoos Volume Two: 251 Designs, Bigger And Better!

Synopsis

A sequel to Mitch O'Connell's bestselling collection of tattoo designs. Over 251 full color tattoo designs by "The Prince of Pop Art," "The Godfather of Lowbrow," and "The Best in the Biz," Mitch O'Connell! If you're not familiar with the internationally-revered M.O'C, think the old-school art of Sailor Jerry and Ed Hardy mixed with a wink of lowbrow pop art. This is the follow-up to the highly-acclaimed, glowingly-reviewed and best-selling book of tattoo designs, "Mitch O'Connell Tattoos Volume One"! Full of everything you could possibly think of if you're looking to get tattooed, perfect for every tattoo shop for your clients and staff to pursue, and a great addition to every art lovers library! If you like Pin-Ups, Horror, Wolves, Sexy Pin-Ups, Devils, Monsters, Clowns, Really Sexy Pin-ups, Tiki, Rock-a-billy, Zombies, Retro and Really REALLY Sexy Pin-ups, you're sure to LOVE "Mitch O'Connell Tattoos Volume Two"!

Customer Reviews

"Beautiful color drawings. Mitch O'Connell is a master of skin deep kitsch" -- Ken Tucker, Entertainment Weekly
"Mitch O'Connell is an illustrator, and a damn good one. You can tell an O'Connell image from as far as you can see it, which is high praise indeed." --International Tattoo Art Mag
"These tattoos are the bee's knees. They harken back to an era where a tattoo was a Tattoo. This book is a testament to a prolific illustrator whom respects the art, craft, and heritage of ink so much he might just be the guy to save it." -- Hi-Fructose Magazine

World acclaimed artist of all things fast, hot and sexy! Mitch O'Connell is the leader of the "Lowbrow"

art movement. Inspired by Pin-ups, hot-rods, comics, sideshows and all things kitsch, cuddly and curvaceous, he takes the vintage and makes it contemporary with his distinctive eye-popping riveting pop art imagery. His work has been featured in magazines from Newsweek to Playboy, used in the world of rock 'n' roll with groups from The Ramones to Moby, utilized in advertising campaigns for major companies from McDonalds to Coca-Cola and his fine art paintings have been exhibited worldwide

We are lucky to be living at the same time as the greatest artist ever to walk the planet. Mitch may not have a "GAOAT" tattoo yet, but the title fits, so it is the cross he must bear. This is the long-awaited follow-up to GAOAT's first book of tattoos. And what to my wondering eye should appear? Tons of tikis, movie monsters and lovely pin-ups. Devils and hot rods and howling wolves. GAOAT has taken decades of pop-culture and regurgitated it for all of our pleasure. He should have his own wing at the Getty, the Met and the Car Wash. Honourable mention to Joseph Allen Black for his nifty book design!

Amazing!! I've been a practicing artist for decades and I am blown away by the creative mind that defines Mitch O'Connell. Outstanding and truly inspirational designs! BRAVO!

Best book ever printed. I don't know how I survived this long without it!

Good artist ????? I've seen better, not very impressed by pin up girl over and over and over

Pretty good overall. Takes inspiration from American Traditional designs but feels more Neotraditional and new age. Great art for those looking for inspiration.

Excellent compilation of wonderful artwork designed to raise a smile.

O'Connell has a great sense of looking absurdly screwy when he's really well-crafted mastery of illustration, so another book is good, but this one is damn incredible. Probably the most well-designed book I've picked up in a while, TATTOOS 2 is filled with flash, beautifully done. Gilt-edged, this is the sequel that exceeds the original; at fifteen bucks a gorgeous addition you'll enjoy and show off even if you're inkless. I want to send some praise for the book's overall design. When kitsch is the subject matter, wrapping it is a tough thing to do effectively. Here, Black's

work is superb, and as top-shelf as any designer could want to be. From the binding to the interior, this gets my highest praise.

We all do things we regret....especially those who drink too much.If you're going to have drawings carved permanently into your living flesh (for some crazy reason), please show some taste in doing so by purchasing this book and selecting one of the amazingly cool designs within (or from its companion volume). Girl...that means no more Tweety Birds or Betty Boops. Cut that out already! No one's made a Betty Boop cartoon since the 30s! (except for a cameo in Roger Rabbit).If you're really ambitious and have the ample real estate ...perhaps you can have every single drawing from both books tattooed on you provided they are small and close together. Plan carefully! Now, THAT would be a statement to anger ANY stuck-up parent!On a serious note, Mitch O'Connell's Tattoo designs are gorgeous mini-masterpieces and the result here is a very dense book of cool, beautiful graphic designs which will make you smile and nod appreciably every time you flip through them to enjoy the art within. He does such beautiful, hip work that this book is an essential addition to your library of cool (which would have to include this artist's work).and if you have to get a little ink, Mitch would be the way to go. Seriously.
