The Night Before Halloween

Synopsis

"'Twas the night before Halloween, and all through the house, All the creatures were stirring, except for the mouse. The monsters had gathered to plan and prepare, For the trick-or-treaters who soon would be there?." Little monsters and goofy goblins take center stage in this silly, spooky spin on Clement C. Moore's beloved poem. But what will happen on Halloween when the monsters come face to face with human trick-or-treaters in this fun-filled book by the author of *The Night Before Easter*?

Book Information

Lexile Measure: 650 (What's this?)

Series: The Night Before

Paperback: 32 pages

Publisher: Grosset & Dunlap; English Language edition (August 16, 1999)

Age Range: 4 - 8 years

Grade Level: Preschool - 3

Customer Reviews

When I was asked to write this story, I was stuck until a fellow writer suggested I look at it from the monsters' point of view - it was their big holiday. So I wrote this fun take on monsters getting their haunted house ready for trick-or-treaters and throwing a Halloween night party.

Natasha Wing still gets dressed up and goes out for Halloween. She lives in Colorado.

Such a cute book! My three year old loves it and we read it every night the week before Halloween. It looks like this author has many other similar "The night before...." books, so we will definitely be

getting more. I'm also a teacher and I love rhyming books for early readers.

My daughter (almost 5 now) and I love these books! They are not too long, not too short, and super fun! We have almost all of them, she loves to read them all the time especially the 'Night Before' whatever holiday or event the book is about. We started originally with the Night Before Preschool - The Night Before Preschool - August (2016) to help ease her into preschool a bit, we bought 10 other titles from this series since then and plan to expand the collection as time goes on.

I bought several to give to my Grandkids for Halloween instead of just candy (they got that too of course). It is a cute story that any kid of any age will enjoy!

I am only giving this 4 out of 5 stars because I hate imitations. It is a rewrite of Clements's Night Before Christmas. In all fairness, it is well illustrated and the students like it. At our book fair this week, it looked like the companion book The Night Before Thanksgiving was also moving well.

This story was written to go with the same rhythm as "The night before Christmas" I purchased 15 of these books, one for each child in my daughters preschool class as a gift from her on Halloween. They were a big hit with the kids and the parents. The story is cute and the characters even the "scary" ones are very likable. I highly recommend adding this to your child's Halloween book collection!

Super cute book for younger kids.

Awesome book and fun to read!!

good
