## Customer Reviews

Crash is Book 2 of The Immortals. You have to read Descent book one first. Looks like the past is going to have a repeat because there's a war brewing. Packs will be made in order to help save Addie. Addie's journey continues and she comes to find out who she is. The question is will she give in to her demon(s)? I took my time reading this book because I didn't want it to end. Thank goodness

there's a book 3, I can't wait for it to come out. I love this series so far. Surprises, Mystery, Action, Revenge, Immortals, Betrayal

I love this series! Sloan Murphy was a new to me author when I received a copy of Descent (Book #1 of the series) as a blind date book! I was hooked then! You should read Descent first so you know what is going on. This book starts right where the last ended. This would be a good read for anyone who likes YA paranormal, yes there is romance involved but nothing too bad :-) I'd say this is suitable for anyone 15+. I can not wait to read the 3rd one!

This is the second book of this paranormal series and you have to read Descent (The Immortal Chronicles #1), before reading this. This book is a continuation from the major cliffhanger that this amazing author, Sloane Murphy, left us shocked, stunned, and speechless with. As some mysteries at the end of the first were answered, new ones came to be! Including a huge doozy! I will warn you, this ends with another, and I can't wait to read the third book! If you want fast-paced, action-packed, twists & turns, love, and emotions all over...read this book or books! This picks up where Book #2 picks up. We get flashbacks from the past, on how some things came to be. I thought that was cool. Addie was taken and they are trying to break her. She doesn't know what's true or not, but they do want something! Xander is searching, with Demetri and others, to find his love, Addie. He's searching & will search forever. There's a few glitches with that... Will she still be the same woman she was when or if he finds her? If she believes others, will she still want him? Will the world itself be the same, since the demons are becoming more powerful?

This is book 2 in this tale and I'm left hanging again just when my heart was racing....This is mainly Adelaide (Addie's) story, where is she? Who is she really? Will she survive? and WHAT is she? Torture, murder, kidnapping and betrayal make for an intense story. A great YA paranormal tale and I highly recommend it, but read book 1 first.

I can't get enough of this book series!! It's so AMAZING!! Addie is a strong girl for having to go through the stuff she went through.. on to book three for me!!!

Like a onetime serial just when you reach the summit the book ends. Next book has a six month publish date!

I have completely Fallen for this series. Pun intended. It's amazing and draws you in so quickly. It is comfortably paced and the many POVs is great.

cliffhanger is wow ...great book cant wait for the three book
