Illustrations are too abstract and some pages just look like the illustrator got lazy (looking at you, rectangles that are supposed to be trains in the Rocky Mountains). Also, try to be a little accurate. My toddler now thinks there should be a train on top of Yosemite Falls whenever we go there. Bumping it up to 3 stars because I like the idea of a National Parks book and my daughter really likes the train.

Cute illustrations but very minimal. Not very educational. Very few words. Overall not a great book. Mine came damaged so I am returning it but will not be replacing. This is like a 30 second read. Not even pictures to be able to discuss.

Wonderful board book. Sturdy so my babies and toddlers won't rip it apart any time soon. And interesting enough for parents to want to read. I love the little picture details about each of the parks.

Art is wonderful but there isn't really much to read. Each page basically has a caption and a labeled animal.

Love the illustrations...kind of a minimalist retro vibe. I bought this mainly to use as a decoration for a woodsy baby shower I was throwing. It was perfect for that purpose. The aesthetic is great, however the content is a little disappointing. There's just not much to it. My 1 and 3 year old daughters were equally unimpressed. So I'd recommend as nursery decor, but not as a quality

book.

Cute book for young toddler. Giving to our 1 1/2 year old grandson who will be visiting some National Parks next summer. A couple very basic words and pictures on each page, so age appropriate. It never ceases to amaze me the creative variety of books available, and this one is a great addition to his collection.

The illustrations are cute and the colors are bright. I was a little disappointed with the minimal amount of text in this book. Its literally just illustrations of the national park and the names of them. I kept it anyway and display it on my son's shelf because the cover is so darn cute.

There's not really much to read in this board book, but the illustrations are nice. Good for a little baby, but unlikely to hold the attention of an older one.
