# Mel Bay Clarinet Fingering & Scale Chart

## **Synopsis**

Mel Bay's new fingering and scale chart for clarinet is an indispensable reference guide for clarinetists as well as educators. The fingering diagrams are clear and easily understandable, with clear photographs of the keys of the clarinet. The scales can be used together with those of other instruments in the series.

Paperback: 4 pages

Publisher: Mel Bay Publications, Inc.; Chrt edition (November 14, 2006)

Language: English

ISBN-10: 0786675721

ISBN-13: 978-0786675722

Product Dimensions: 0.2 x 8.5 x 11.5 inches

Shipping Weight: 12.6 ounces (View shipping rates and policies)

Average Customer Review: 4.8 out of 5 stars 9 customer reviews

Best Sellers Rank: #368,015 in Books (See Top 100 in Books) #84 in Books > Arts & Photography > Music > Instruments > Woodwinds > Clarinets #2654 in Books > Arts & Photography > Music > Theory, Composition & Performance > Instruction & Study

## **Customer Reviews**

Love this chart! (I also bought one for the oboe). I have tried other finger charts that are on thin paper with hard to decipher fingerings. This one is laminated (to stand up to wear and tear). It is easy to read. Excellent price!

This is a great fingering chart. Not only is it printed on a sturdy, laminated piece of light cardstock, but I like the way it organizes the fingers. The main fingerings are printed first, with alternates listed on the second page. That's ideal for a student who needs to know which fingerings are most typical. In terms of image quality, this chart is great. Everything is clear and easy to read, and the drawings aren't hard to understand. Any new or returning player should have this around as a quick reference.

This chart goes into my band folder quite nicely and has a nice coating on it so I know this will not become ruined from a lot of use.

IF you play a Clarinet, like my daughter does, knowing what keys to push is apparently important, so I bought her this so she has no more excuses for not getting a college scholarship for clarinet playing. :D

This Clarinet Finger & Scale Chart is laminated and easy to read.

Clear and concise. It is what it claims to be.

needed refresher after not playing for 20 years !

It is perfect for me.
