Customer Reviews

by far the best book written that thoroughly explains "The original Afrikan Tree Of Life". Every sphere is explained, with the psycho-spiritual explanations of the Gods and Goddesses. Black Kemet/Egypt, and all of Black Afrika, is given her proper place in spirituality, cosmology, cosmogony, philosophy, psychology, science, medicine, geometry, etc., all explained in the Tree.

i rarely give five stars but for this I have. why? it is informative and although a bit rough on the edges (race issues) I learned heaps I will read this book many times over

Im still reading, slow and steady, this book is a must for the mind and soul and for your library!

Good read very informative

Great book full of great info from front to the back
