“A great history book and argument settler, with countless stories about the game’s biggest stars, best teams and most enduring traditions.”
—Lute Olson

Bought this as a present for my dad and he loves it. Great purchase and fast delivery!

Big book with lots and lots of data. My brother-in-law loves it and can spend many hours checking his facts.

This is a great book for research information but it leaves out the early years of college basketball from its beginnings to the 1940's (some info) Very good book.

The book has a large section cut out of it. Also it wasn't as in depth as I would have liked. It didn't have the schedules and results of the teams.

Looked liked a brand new encyclopedia when received.

Great book. Very informative. A must have if you love to create teams for play on the computer.

GREAT WAY TO RELAX, BY READING THIS BOOK !!!!!!! THANK YOU

Very Informative and Complete! Love College Basketball & this book!!
