Customer Reviews

Superficial. Junk for Star Wars aficionados.

It was OK. Had a few mistakes as far as spelling goes but overall was a fairly interesting read. Will possibly be checking out the rest of the series in the future

The book is a a somewhat good source of several characters in A New Hope. However, it looks s it was severely rushed into the bookstore; there are several grammar and editing errors in the content, the choice of characters (besides the obvious main protagonists) look very random - it dedicates an

entry to the Cantina Bar's lead player character (no, I'm not joking!) but completely ignores Mon Mothma, just as an example -, and the guide ends quite abruptly. Also, no illustrations, something usual in this kind of guides, and the actual information itself seems somewhat sketchy. Definitely a good idea, just poorly executed.
