Egypt (Dictionaries Of Civilization)

Synopsis

This beautifully designed pocket reference—more a compact encyclopedia than a dictionary—presents ancient Egypt in stunningly-produced photographs and concise textual descriptions of Egyptian art, culture, and government. Not merely a travel guide, this handy and easy-to-use guide provides an overall view of the civilization as a whole, including a fascinating section on the history of Egyptology, the invasions and excavations, and a section on where the artifacts can be seen today. This is a must-have addition to the library of anyone interested in ancient Egypt, and a necessary companion for the traveler.

Customer Reviews

Alessia Fassone holds degrees in Egyptology and archaeology from the University of Turin, Italy, and Enrico Ferraris holds a degree in Egyptology, also from the University of Turin, Italy. Both Fassone and Ferraris are part of the scientific staff of the Center of the Italian Archaeological Mission in Alexandria, Egypt.

Excellent.

This is a great collection of visual material on ancient Egypt. I'm impressed with the entire Dictionary of Civilization series. Each book takes a large collection of photographs and covers them in historical footnotes. It's a great way to greet people through their visual culture. The book is also

thorough going--more than 350 pages of material. A great introduction to ancient Egyptian culture and history.
