Customer Reviews

Very interesting and entertaining way for the explanation of historical facts. I really enjoyed the reading of this book. The author has simplified the historical facts and with cute images, complicated history is easy to remember and understand. It is a pity that children in schools don't have this kind of literature. Sincere recommended!

Good kids friendly book. My kid loves it.

The copy that was sent to me is virtually blank inside. It appears as though the publisher/printer only printed SOME of the text/pictures. For instance, there are labels and lines pointing to a non-existent

diagram. I cannot imagine I am the first person to receive a copy like this. However, I would like for a corrected copy to be sent or for a refund.
