Best book ever. Everyone that likes quotes or poems or even how someone deals with life should read this book

This book is absolutely amazing. The quotes in them have a very special way of connecting to you if your going through a heartbreak of any sort.I would absolutely recommend this book to anyone experience any emotional distress, this book just has a way of calming you down. Though at some points it brought back emotions, it's an amazing book that deserves far more recognition!

LOVE LOVE LOVE!!!!!! This book is beyond AMAZING!!!! M. Sosa knows what she is writing about I truly love her work!!! Can't wait for another book to come out!!!

I loved the book. I wish it was longer

I've always been a fan of quote and this book is on point.

Her books are the best !!!!!

Love, love and have loved all the quotes in this book.

I cried, I laughed and cried again. I read this M. Sosa's books cover to cover during my recovery of an illness.. It was a very difficult time when at the same time I was going through a very, very difficult break up... I didn't think I would get through it sometimes. Reading her words made me feel like she was actually in my head! How did she know all these feelings I was feeling... the anger, the sadness, the isolation even... This book helped me and still helps me come to terms with what happened to me in my relationship with my ex.. Sitting on the floor crying and feeling hopeless, I would pick up the book and read and somehow it helped. I highly recommend this book to anyone who is in a bad relationship.. who needs to get out.. needs to stand up for herself.. use this as your tool to get stronger. I did. And yes... I still cry but for once I feel like I am not alone.
