Love And Honor: A Time Travel Romance (The Lightwood Affair Book 3)

Synopsis

No more cliffhangers. This is the final book in the series and includes a free bonus book: Wicked - The Complete Series. When Honor Daviot ended up two hundred years in the past, she never expected to fall in love...or to become a part of history working for George Washington. Now, pregnant and helping the cause in Paris, her husband decides that it would be in everyone's best interest if she returns home to the colonies. Honor, however, knows that America in 1776 isn't going to be safe for very long. As the Revolutionary War escalates, Honor and her husband, Gracen, find themselves facing tragedy and loss while attempting to keep the future on track. Don't miss Love and Honor, the thrilling conclusion to M.S. Parker's time travel series.

Customer Reviews

This was a difficult read for me. While I believe that Jasper loved Allen, it was hard to understand how he was Allen 's best friend and lusted after his wife during their entire marriage. I guess I am old fashioned ! !! fÃ¢ A,Ã¢ EœÃ¢ I am happy that Shea was cleared, but my God, did she

really have to be put thru all the hell?? Georgia was not a surprise, once she was brought into the story. My interest was maintained however . I love reading Ms. Parker 's stories. Keep writing, this was the first of her books that I had difficulty reading, BUT I kept reading to the end. I have real mixed feelings about how it played out.

Most time travel books don't go into much detail of what happens when everyone ends up back where they started. This series was fun especially when they end up in the 21 century again. And you discover it's the story they tell their grandchildren.

The final installment of The Lightfoot affair. Graven and Honor are planning to return to the colonies. Honor is pregnant. The story will tear your heart out but still give you an HEA. You will not expect the ending! Bonus material after the end of book 3 is the Wicked: The Complete Series. The 3 books in this series - I rated as 5 stars when I read them.

I have always enjoyed a series that "filled in the blanks", so I really enjoyed this series. A little too much sex content but not so much that it detracted from the storyline.

I have now read the series, and believe me readers you will want to buy these books. I already follow this author but this set of books surpass the others. I did wonder when I saw time traveller, but no worries it will all make sense when you read the books. I will miss Gracen and Honor. 5 star books all the way. Thankyou M.S Parker

GREAT STORY LINE !

Great continuation to a unique story. Not many authors could pull off a story like this but M.S. Parker.
