# German For Dummies, (with CD)

## Synopsis

The fun and easy way to learn the fascinating language of German with integrated audio clips! *German For Dummies, Enhanced Edition* uses the renowned Berlitz approach to get you up and running with the language-and having fun too! Designed for the total beginner, this guide introduces you to basic grammar and then speedily has you making conversation. Integrated audio clips let you listen and learn as you hear pronunciations and real-life conversations. Fun and games sections ease your way into German fluency, phonetic spellings following expressions and vocabulary improve your pronunciation, and helpful boxes and sidebars cover cultural quirks and factoids. Master the nuts and bolts of German grammar Learn phrases that make you sound German-and know what never to say in German Whether you're just looking for a greeting besides "Guten tag" or you want to become a foreign exchange student, this enhanced edition of *German For Dummies* gives you what you need to learn the language-as much as you like, as fast as you like!

tenses, verb conjugations, and grammar. Concise coverage & examples of key concepts. Free of  
review information. No practice problems. Use as a refresher or for review.

Text: English, German --This text refers to an out of print or unavailable edition of this title.

It's really beginner. Like if you've never seen a German word ever. I think it's a good introduction for those interested about the German language. It comes with a CD which is nice because it's nice to actually hear the language rather than just reading and trying to guess if you are saying it correctly or not. I am much farther along with my German but was really just interested to see what this book has to offer. If I would have picked this up first I think it would have been a nice introduction.

This book really is a must-have. It gives lots of details that are extremely useful and tells you things about German words that otherwise you wouldn't know. The authors make sure you don't embarrass yourself by saying the wrong thing. It's the total package; there's a lot packed into this book and all of it is useful. Written in engaging language, the book really does teach you how to speak German.

We bought this book AND German DeMystified. I suppose you could do one or the other; we just wanted two different takes on the learning process. Both come with CDs which are extremely helpful for accent and pronunciations. It would be nice if the book was a little smaller in size (both books are the same physical size) so you could carry them around with you, but with my "old" eyes, I wouldn't be able to read a smaller one anyway. I will definitely take one or both of these back to Germany with me (they may have to stay in the car) however, if I continue at the pace I'm going, I may not need to. I've always had good luck with the "Dummies" books due to the entertainment

factor. This just makes learning a new language fun. I believe this would be good for kids too (at least those who already have a good handle on the English language).

The series....for dummies seems to be a safe choice for beginners or intermediates. The bright point on this point is the explication on verb, in different setting, tense or the grammar section, though not complete but successfully introduces this topic for future studies. you can also download the accompanying audio, an issue that plagues certain digital edition.

This is a very helpful book. The best part is the CD. Without the CD, it is hard to figure out how to pronounce the words. The material is very well organized. The subject material is varied and useful. I feel like when I am finished with the book, I will be able to have short conversations with German people. I like the games and puzzle too. It makes learning more fun. I recommend this book to any one who wants to converse in German. It is an excellent beginning! I purchased the book from . I like the ease that you can order from . I also like the fact you can obtain used books and save a little money.

Good book at a reasonable price

Great buy if you plan to visit Germany to use common phrases while interacting with the local crowd: be sure to attempt German and if all else fails, speak English since most Germans enjoy English speakers trying to embrace their language and culture,

Bought this for my grandson who is a college student. He is very pleased with this book. He can study during his Summer break and keep on top of his German language.
