The Young Traveler's Gift

Synopsis

Before David Ponder ever visited Truman in *The Traveler's Gift*, Michael Holder began his journey as the last young traveler to receive the unique gifts of wisdom offered by historical greats. In his senior year of high school, Michael hits rock bottom. Having been caught in the wrong place at the wrong time, he has now been suspended from the track team and lost his college scholarship. His coach is angry, his parents are disappointed, and he's diving headfirst into a downward spiral. Facing the bleak future ahead, he sees no way out and wonders if life is really worth living. But with some divine intervention, he's given a second chance when he's offered a once-in-a-lifetime journey of discovery. Rewritten to engage the minds of teens and tweens, *The Young Traveler's Gift* is sure to encourage and enlighten young men and women as they prepare to face the journeys that lie ahead.

Customer Reviews

Hailed by a *New York Times* reporter as "someone who has quietly become one of the most influential people in America," Andy Andrews is a bestselling novelist, speaker, and consultant for the world's largest corporations and organizations. He has spoken at the request of four different U.S. presidents. Andy is the author of the *New York Times* bestsellers *The Traveler's Gift*, *The Noticer*, and *How Do You Kill 11 Million People?* He lives in Orange Beach, Alabama, with his wife, Polly, and their two sons.

Wonderful book, it is now my go to graduation gift. (plus an gift card + a deck of cards) Just saw

Andy Andrews speak at the Thirty One conference a few weeks ago, what a guy!! Watch his video (about 10 min) on youtube the butterfly effect. Get this book for teens, and get The Travelers Gift for yourself.

Great story that included an interesting narrative and a ton of useful life principles.....My 9 year old son loved the book and we use the decisions to discuss life principles.I highly recommend this book.

The kids I work with find this book more difficult to read than the original Traveler's Gift. I thought that since it was a "Young" version that it would be easier to read- and it wasn't. The vocabulary isn't meant for children with a lower reading level.

I love Andy's writing. Gave this to my graduating senior. Hoping to inspire him with Andy's wisdom for life.

A friend recommended this book to me recently, and even though on the surface it appeared to be written more for a younger person (the protagonist is just a teenager), I have to say that I genuinely found value in this work. The author artfully writes about the experiences of a young man who finds himself in a very challenging personal situation (i.e., a "moment of truth" in his life). Using a very innovative narrative, the author describes the young man's encounters with seven historical figures (e.g., Abraham Lincoln, Anne Frank), each of whom provides him with a critical "decision" necessary for achieving success in life. While I have read similar advice in other personal growth books, it was never delivered in such an entertaining manner. I highly recommend this book as a personal growth resource.

Easy to follow along with. Andy is a great story teller. Loved this book! Can't get enough of his stuff.

this book was a book study for my son's high school, all seniors and faculty were required to read it, i decided to read it as well, once i started, could not put it down, reminded me of eberneizer schroge, but more related to biblical experiences for reflections on the past, present, future of your life. makes one think about where your life has been, now, and going. excellent book, have recommended it to all i come in contact with. truly a must read for all. i recommend you put this book on your bucket list as number 1 thing to do asap.

I would recommend this book to a anybody who loves a little mystery and life lessons through out a book.
