## Customer Reviews

If you've used 1 stencil, you've used them all. There is nothing fancy about this one that sets it above and beyond the rest. You'll be buying it for the pattern, not for the quality. Its standard this flimsy off-white plastic stencil. The lines and corners are crisp and clean cut. Worked great for the dresser we used it on.

I use this for drawing things on shirts and fabric - you just have to find your niche to hold them correctly. They work awesome for me with Sharpies!
