Experiential Retailing: Concepts And Strategies That Sell

Synopsis

Taking an innovative and interdisciplinary approach, *Experiential Retailing* moves beyond the traditional model of product assortment. It examines the history of retailing and consumption, and how cultural attitudes have changed over time. Different types of shopping experiences are described, and anecdotes and illustrations demonstrate strategies for success. Incisive, sensory, and entertaining, the text provides exciting new concepts for understanding this global phenomenon.

Pauline Sullivan, PhD, is an Associate Professor in the Department of Family and Consumer Sciences at Texas State University - San Marcos. Judith Forney, ITAA, is a Professor and Dean of the School of Merchandising and Hospitality Management at the University of North Texas. Her research interests include consumer behavior, adolescents and moral

emotions, behavior, self-esteem, shoplifting; cultural and cross-cultural evaluative aspects of consumer behavior; cross-national comparisons; and apparel/textile international production and trade.

Got it for school. It was a great book and I learned a lot.

I bought my book from a seller out of the same state as I live in hoping to get my book very fast. I did receive it a little after a week and the book was in very good condition. Thank You
