Sixgun Cartridges And Loads: A Manual Covering The Selection, Use And Loading Of The Most Suitable And Popular Revolver Cartridges

Synopsis

2014 Reprint of 1936 Edition. Full facsimile of the original edition, not reproduced with Optical Recognition Software. In this classic work on the subject, Keith covers the selection, use, and hand loading of revolver cartridges in various calibers. Keith covers both revolvers that have remained popular to this day, as well as many that were popular several decades ago and have since fallen into obscurity. Elmer Keith uses his wealth of experience with the sixgun to analyze and recommend the correct cartridges and calibers for various situations. This is not only a manual covering the practical use of the revolver, but is also a valuable reference for anyone interested in the history and development of the modern revolver cartridges.
