Nature Attacks! (I Survived True Stories #2)

Synopsis

Gripping true stories of real kids who have survived horrifying disasters from the author of the New York Times-bestselling I Survived series! The author of the New York Times-bestselling I Survived series brings us four more harrowing true stories of real kids in the midst of horrible disasters. From 14-year-old Joseph Dunn who was the lone survivor of the Shark Attacks of 1916, to 9-year-old Mike Kramer who, with the help of his quick-thinking parents, survived the Peshtigo fire of 1871 (which took place on the very same day in history as the Great Chicago Fire!), to the 13-year-old girl who survived a terrifying attack by a box jellyfish, this is a collection of unforgettable narrative non-fiction stories of unimaginable destruction -- and, against all odds, survival.

I ordered this for my son. He loves the I survived series. He enjoys the author's writing style of weaving a great story in with the disaster. I have tried to get him interested in many different authors and books, but these are the only ones he consistently reaches for, and rereads. According to my son, the True Stories #1 was a little more enjoyable than #2, but he still gives it 5 stars. Thank you for keeping him entertained and engaged through reading!

This series of books has captured the imagination of my 11 year old grandson. The books are all based on real events written in a way that young minds can grasp and identify with. The kids are learning true stuff without even realizing it! How wonderfully sneaky is that? Thank you, Lauren Tarshis!

My daughter LOVES these books. I have ordered every last one "Tarshis" has wrote. All are on the Kindle and enjoyed a lot.

I work in a K-5 elementary library and have bought all the "I Survived..." books for my elementary boys - though plenty of girls have also enjoyed them. They love the "true story line", the fast pace of the books, and the fact that they are small chapter books. This is a high interest series that caters wonderfully to those reluctant readers.

My nephew loves these books. He's not a big reader but they held his attention really well and he was excited about the story lines. It's neat how they get some accurate history along with an interesting story line.

Amazing stories for kids of all ages...adults too! Lauren Tarshis has become a family favorite with her easy to read writing style and entertaining educational books.

Wonderful series of books! Grandson loves them!

My son loves this series. Great price on an awesome book!
