Aries (Zodiac Dragon Guardians Book 4)

Synopsis

She was a siren amongst an ocean of terror. One fragile woman, fighting to survive...fighting to be heard. And Zadoc Kane heard her with every fiber of his being. Zadoc's the fourth of twelve Guardians. Dragon-born in the sign of Aries, he carries all the traits of his sign— the good and the bad. He's the protector, the hard-headed stubborn ram. He's brave and noble with a vicious temper, and he has littered his family's mountain with the bodies of those who've harmed the weak. And as the rival Echo pack descends on his home to kill his family, he plans on adding to the count. Until a voice stops him in his tracks...a human woman amongst a sea of wolves. Zadoc has a choice, fight alongside his kin...or sacrifice everything to protect her. But the choice was never his to make. His Dragon, the Wretched, will make it for him. Family. Honor. Love. What happens when those three collide? Who will be left standing? Who will be left heartbroken?

Customer Reviews

Zadoc, Joslyn, and a new found friend X. Are they going to let her keep her baby? Yes, if Zadoc has

a say in the matter, but being chained , beaten and tortured only leaves him worried for Joslyn's safety. They wish to break him, to make him helpless-obedient, but they have forgotten about the strong willed little human and the pull Zadoc has towards her and she to him will make all the difference in the world. While small young X, (who refuses to give her name) who has been held in this Hell most of her young life, being beaten and even worse by the wolves, soldiers, and vampires wanting to make her subservient to control her. Until she meets Joslyn, herself young at 18, made pregnant by a wolf (Nick), brought to this hell to be tested to see how a human could conceive and carry a Shifter child! I read most of this book threw me tears, my emotions ran wild with this one. I loved it

I love this series! It's getting more complex (interesting for me) as time goes on; and while it is, maybe, just a wee bit intense (and not all brightness and sunshine) just can't put them down once I start. Not finished yet; Cancer had been my favorite of the three, but may have to reassess when I finish. Thanks Kim Faulks!

No HEA.....well not yet. There are few books that can make me throw it at the wall when I finish it but this one did. Then I had to go back and read the last few pages again because I was so afraid of what the end was going to be I read through it so fast. I was sure it would change if I got to the end again. I am afraid to read on because the harshness of this book stuck with me for a few days. I could not pick up another book right away and that rarely happens. I usually go from book to book without thought, this one I could not. If you don't mind a mind numbing adventure and the HEA is elusive then this book is great.

Dark, suspenseful, full of mystery and attraction. The Zodiac series is absolutely addicting, the way that Kim is able to describe such a dark and dangerous world is amazing. The characters are so very engaging that you experience the book along with them all. I love this series that even after voluntarily reading a copy from the author I buy the books.

Ms. Faulks has done it again! This series is so much more than just a shifter series. These characters get under your skin! Zadoc and Joclyn have been through so much. When will it end? When will they get their happy -ever-after??? I am counting down to the next in series!!! I can't wait!

Love this series. The stories are well wrote and thought out. Joslyn is very strong willed, which

surprises Zardoc. They make a great pair. Really wish they would stop with the cliffhangers though.

That was such an intense book! Even after reading the last Christmas special, vaguely knowing the outcome... I was pulled deeper into the story with every word, couldn't stop but to turn the page.

This the fourth of the Zodiac series. This is Aries story he was held in the demon world with Joslyn and need up loving her she was pregnant by a wolf shifter but that was part of a plan. Now read this book and find out what happened.
