I have received this book today and the first four sections are missing from the book. It is clear that someone ripped out the pages for their own use. I am absolutely infuriated.

It's cheap and convenient but only goes up to chapter 4- if that's what you're looking for go ahead! Just a heads up. If it's \$100, that's because it's all there haha

My book came it, seems to be in good shape. Exactly what I needed for class.

it was a class required book. it was okay.

It was in good shape and brand new. It is useful and has everything required by my instructor.

It arrived faster than I thought, and it's overall appearance is good, considering that it was used.

I like renting books rather than purchasing them because they get updated every year

I needed the full book and only recieved chapters 1-4.
