Synopsis

Twenty years after the original publication, multiple spin-offs, and millions of copies later, the Doctors Book remains as popular as ever. It's easy to understand why: Home remedies are inexpensive, effective, and ideal for everyday ailments that don't require hands-on medical care, as well as for chronic conditions that can benefit from ancillary therapies. The Spanish translation of this newly expanded and updated 20th anniversary edition delivers the sensible, trustworthy advice that you have come to expect from the Doctors Book brand. You will discover how rubbing baking soda paste over an insect bite can stop swelling, how table sugar can help heal a minor cut, how sunflower oil can soothe itchy skin, how to heal warts with a raw potato— and much, much more! Packed from cover to cover with reliable, user-friendly tips and techniques, The Doctors Book of Home Remedies® (La nueva guía medica de remedios casero) is like having a physician on call 24/7.
