Timeshare Owner's Guide To Winning The Timeshare Game

Synopsis

Does your timeshare live up to your hopes and expectations, or do you wish there was more you could do with it? Are exchanges working out as well as you hoped? Do you have trouble getting the vacations you want? Do you wish you got more bang for your buck? This book was written to help you, the timeshare owner, get the most possible value from your timeshare. Owners deserve to get great vacations for the money they pay, and this book is chock full of tips and techniques that can help you get more from your timeshare ownership. You've already got the timeshare, so make the most of it. What you'll find inside

- * Find out how to get the greatest possible value from your timeshare, including methods that most owners aren't even aware of.
- * Learn advanced timeshare tactics that can let you multiply your vacations and minimize your costs.
- * Discover hidden ways to get extra weeks of vacation that are nearly free.
- * Get expert tips, learn pitfalls to watch out for, and find in-depth analysis of timeshare issues.
- * Cut through confusing jargon and complicated rules, with clear, detailed explanations.
- * Whether you're a new owner or have years of experience, you're certain to learn something new about timeshares!

Timeshare owners deserve to get maximum enjoyment from the money they spend. Find out how to master the game, and make your timeshare work for you.

Customer Reviews

I can't imagine making such a significant investment as a timeshare without knowing the meanings of terms and options. This book has been a great tool as I embarked on choosing the right timeshare agreement for me. The online format is excellent for this book because there's a tremendous amount of detail. You can click the links to get to the detail - and at the same time pass by parts that you don't need to read. There's even a set of spreadsheets attached that are available for downloads. Again, I found this a very useful tool.

Very Good information on timeshares.

Deanna's book gives great insight into the world of "Timeshare"its Pros and Cons. The owners guide is well written and gives the details of the advantages and disadvantages of Timeshare ownership. She also has a "blog" that keeps you up to date on the industry's recent events from top to bottom and pulls no punches.

Straightforward and easy to understand. Anyone considering buying a timeshare would greatly benefit from the tips shared.

This book is well written and some might find it full of stuff they did not know. For me, I already read ALL for free online. Based on description and 5 star reviews, I assumed this book had more. If you don't know everything in this book BEFORE purchasing a TS than you should not have bought in 1st place. Basic information.

I never knew how much this book would help me until I got it. It's just packed with tons of information I wish I'd known over the years. I spent all this money, without even understanding in how many ways I was throwing away my options and my money. What was I doing? I admit it's kind of dry at times, but easy enough a read to make it through. And it certainly changed my outlook and use of my timeshares for me. In particular it already helped me figure out how to get the exchange to Hawaii I tried before. Thank you!

This is the must-have guide for timeshare owners. It's the resource I needed to have both the

knowledge and confidence to try different ways to utilize my timeshare, including several different exchange options that I didn't know existed. Plus it has tips that will help me save on costs and fees and who doesn't like saving money? This detailed guide will help you get the most out of your timeshare with clear steps on how to proceed. I am excited about having a timeshare again and looking forward to my next trip at a new resort!

I had no idea that I had so many options available to leverage my time share. Nice to know that I don't need to be locked into the same place and calendar for all eternity!
