Perfect Pierogi Recipes

Synopsis

In *Perfect Pierogi Recipes* Rose Wysocki shares both traditional and contemporary recipes for pierogi dough, fillings and toppings. Some are recipes from her Polish Mother and Grandmother. Others are recipes she's collected or developed over the years. You'll find a total of 51 recipes. They are very easy to make. Included are recipes for: 10 different pierogi doughs (traditional and contemporary), 15 savory fillings, 6 sweet fillings, 3 traditional pierogi toppings, 2 contemporary toppings, 9 compound butters and 6 sauces. You'll also find a list of 16 additional traditional toppings and 10 contemporary toppings (without recipes.) Finally you'll find a lot of information about the history of pierogi, how to make pierogi dough, different methods to cut, stuff and seal the pierogi, how to boil, saute, deep fry or bake pierogi, how to freeze pierogi and more. Rose also provides information about a couple of pierogi cutting and sealing tools that will save you a lot of time in preparing pierogi. Making pierogi at home is really easy if you have the right directions. This book will give you a head start on making perfect pierogi for your family in your home.

Customer Reviews

I would like to thank everyone for the kind comments and wonderful reviews. It warms my heart that people like my recipes and the recipes of my family. This book really was a labor of love and brought back wonderful family memories. Thank you very much.

I'm a big fan of pierogi. I've picked up this book as a quick reference and I wasn't disappointed. There are a real variety of simple and quick and delicious recipes. Rose takes you through literally

every step to making, cooking and storing Pierogies, making this book ideal for the beginners. There are also many tips scattered throughout the book to help you to excel, even at your first attempt. I like how Rose offers ten dough recipe, 15 savory fillings, 6 sweet fillings, 3 traditional pierogi toppings, 2 contemporary toppings etc- that way you can find whichever one is the most to your liking. Finally I have learned about a couple of pierogi cutting and sealing tools that can save you a lot of time in preparing pierogi.

I was looking for a pierogi recipe that my great aunt used to make - and I had lost what she had written in one of my moves... My fiance found this e-book for me and it read easily and the techniques are reminiscent of my great aunt as well as the fillings. This e-book impressed me so much that I had to buy the physical copy for actual kitchen use! Ms Wysocki wrote the instructions in a very clear manner. If you follow her directions, you will have delicious pierogi. While I am happy for the moment trying the traditional fillings and dough, I will indeed try Rose's inventions as well! Thank you for helping me find a comfort from the past! I hope the author would consider writing another book to include the Polish donuts and other dishes! Another aspect was describing the delicious little pockets and giving us a little historical background! For a first cookbook, Rose Wysocki did a very nice job!

We love pierogi at our house, but I have never tried to make them from scratch before. Tonight, my daughter and I made the beef and onion filling with the traditional dough and the breadcrumb topping. They were fantastic! The batch made more than we could all eat, so we have a lot of leftovers! I was surprised at how easy the whole process was we didn't get a pierogi maker and didn't have a 3" round cookie cutter, so we just used a glass and sealed them by hand. It was a lot of fun and worth every bit of effort we put into it. We can't wait to make another recipe from this book!

I have done 2 of her recipes by far and this Lady knows what she's talking about. Amazingly well written and the perogies are out of this world. This is a book I must do every perogie filling she has. I would 100% recommend this book. I'm a spanish wife to an amazing Polish Husband and proud to cook both cultures to our children.

Perfect Pirogi Recipes Have loved eating these and have discovered the company has other flavors available. Starts out with what pirogi are and their history, summary of how to make them yourself,

how to cut stuff and seal them, and different methods of how to cook them. Then it has chapters on how to do each of the above in more detail. There is no nutritional information and no pictures. Very detailed directions on how to make them using various methods. Love the idea of not only cheese, potato but also fruit fillings and toppings. Other works by the author are highlighted at the end.

Good ideas and serviceable dough recipes. My chief complaint is that the units in this book are all over the place. For example, the potato recipes. Some use number of potatoes, some use weight of potatoes, some use cups of potatoes. I wish it was more consistent so I could measure the quantities more precisely. Each recipe produces a different amount of pierogi too. There are better books. That being said, this is the only one I've found with Chorizo recipes, so it's going for it.

The author has put a great deal of research into the history and making of pierogies. I have tried several of the recipes and have enjoyed the results each time. Some of the recipes remind me of my grandmother's pierogies; some remind me of my mother-in-law's. Since both are now deceased, I am so happy to be able to share these dishes with family. This is a great book to give as a gift to friends or family just beginning a home or to those finally finding time to make favorite dishes from scratch. The large, clear print in the book is easy to read and the steps are clear and concise.

I like the LARGER print-a plus. If you like pierogies-this is it. Many choices but I like the many choices and advice as to where to source products that work.
