Jesus The Christ

Synopsis

Considered one of the all-time great classics of LDS literature, *Jesus the Christ* is a comprehensive look into the life and ministry of the Savior. Written at the request of the First Presidency by the Apostle James E. Talmage, and penned from an office inside the Salt Lake Temple, this volume is more than a simple outline of the Savior's life. It presents a far-reaching view of the Savior-including His life in the flesh, His antemortal existence, and His activities across time as the world's Redeemer. Allow this unparalleled work to enhance your knowledge of the Lord Jesus Christ as it magnifies your understanding of the scriptures.

Customer Reviews

I finally finished this book! I took it slow so that I could enjoy learning more about the Savior from this book, and it was a blessing to me, because even though I've read the New Testament many times, I learned so much from reading Talmage's book. I enjoyed it so much, and all the consummate research he did, that I actually went and got some of the sources he got much of his material from and put them on my Kindle. This book is a must read for anyone who wants to understand more about not just Jesus' life but his pre-mortal existence and his importance in our own lives. Most of the scholarship which Talmage used was actually from non-Mormon sources (the ones I got to read were both Christian and Judaic). So this book is for anyone who has an interest in learning more about the Savior. This is not a book you want to read quickly, or you will miss so many important concepts. I read all of the notes at the back of each chapter as well, and often there were little snippets of information in the notes that I did not know. I will have to read this book again, to

extract as much information as possible, but it definitely made me more knowledgeable of Jesus the Christ.

The book itself is a classic: a very thorough exploration of the life and mission of Jesus Christ, based in scripture, and incorporating the best scholarly studies available to Talmage in the early twentieth century. I bought this digital version to run on my Kindle Touch. It contains fewer typos than most digital transcriptions from classic titles. On my limited-ability Kindle, the footnotes appear at the end of each subheading simply as part of the "printed page" rather than as click-on links, but that didn't bother me.

My husband and I read this book together each night and completed it on Easter week. The celebration of the holiday this year has never had a more spiritual meaning to us. James Talmage was a scholar and broadened our vocabulary as we looked up each unfamiliar word in the dictionary. We didn't look up all his references, but we felt confident that the information was accurate.

This book is a defining work that will strengthen your understanding and increase your knowledge of the Savior. No matter what denomination you profess it will help you. Just find the area with which you agree and begin reading. You will find that it will dovetail with your beliefs and begin to enhance your knowledge almost immediately. Open your mind and soften your heart and let the Holy Spirit teach you.

An amazing treatise on Jesus Christ, His divinity, His mission, His overcoming death to rescue all our rebellious souls. Written in a heady intellectual manner this tome is not for the faint at heart. But for the most complete intellectual discourse on our Savior, this book is the epitome! The best part is for the true seeker of accurate accounting of Jesus Christ, the Holy Spirit will testify to your hearts as to the truth of what you read.

This is a beautiful book in every way. The subject material is so thorough and presented in a logical manner. Every chapter has notes at the end to further explain points that are touched on in the chapter but not completely needed to explain the section presented, and it is certainly worth it to read every note! I feel I have learned an incredible amount about Christ, through his life, teachings, and other scriptural accounts from reading this book. Regarding this copy in particular, the cover

artwork is gorgeous. The book itself looks wonderful, and has a clean, easy to read typeface. The only change I would have made in my purchase would be to consider a hardback instead of paperback as this is certainly a book I will be referencing for the rest of my life.

I believe this is the most important story ever told. I read frequently for work but little for pleasure. However, it has been my honor and pleasure to read and continually learning more about our Lord and Savior. I especially enjoy the text to speech option on my Kindle HD Fire where the narrator essentially reads this book for me. I'm all ears! May he bless us and keep us always.

Without a doubt, this book is the nearest to scripture and truth regarding the life and mission of Jesus Christ. It is written from the scriptures and is pure in its explanations of the word of God without embellishment. The references are flawless. If you really want to understand the scriptures, reading this book is a must. You will feel the presence of the Holy Ghost in helping you understand the beautiful message that God sent to us through Jesus Christ.
