Customer Reviews

Lee Prosser is a sensitive who investigates the paranormal and supernatural. He writes and reviews for www.ghostvillage.com and is a lifelong Vedantist (following Hindu philosophy). Author of Missouri Hauntings, he and his herbalist wife live in the Missouri Ozarks.

Alot of interesting information about the Branson area. Although alot of it isnt geared towards other people being able to go to these places and possibly having an experience as well. Its just about experiences that the author, his wife, or people that he was acquainted with had in various places around Branson. It wasnt what I was expecting but was still an interesting read.

love it

I've read Lee's other books also. He mixes history in with his stories. So you get a lot of information in an interesting way.
