ITMB Publishing (International Travel Maps and Books) of Vancouver, Canada, has published detailed reference and travel maps of countries, regions, and cities around the world since 1985.

We were going to Bermuda for the first time and had heard about the disused railway that is now a trail. The map is great showing the path for the railway. It can't account for time though and things do change! It was very useful for just getting around - buses, ferries. I would recommend this map to anyone going to Bermuda.

This map came in handy for our cruise to Bermuda. It lent perspective to navigating the island in the 3 days we had there. Now I can plan easily for the next trip.

Highly detailed and definitely the most complete Bermuda map generally available. Well worth the price if you are traveling to Bermuda. When completely unfolded it is rather large (like a full-sized

state highway road map) so you may want to supplement it with another smaller map, like from a guide book, that's better for "walking around."

This is a very detailed map that I will be using on an upcoming cruise to Bermuda. This is definitely a tourist type of map and lists everything...my only issue is how big it is, but hey it's a great planning tool for our trip and allows us to see everything we will be covering in our trip!

great map and helped us plan our trip to Bermuda. There was some information that was not accurate. We showed it to a local and he stated that some of the information on the map had not been updated in 15 years.

This map was a huge help when planning my Bermuda Cruise. My BF and I spent hours before vacation poring over the map and planning our trip. It was great.

Excellent shipping, the map is amazing, it's totally what I needed. Umm, it's colorful, lol, yeah I just wanted to say its a goo map but is making me use a certain amount of words to describe it so that's why I had to write all of this, but good map none the less.

Ours was very helpful navigating the island by bus and making sure we weren't missing a tucked away museum or isolated beach.
