Hybrid: Book Two In The Enhanced Series

Synopsis

“You want me to go to Inner Haven” you want me to be a spy. Standing in the church outside of the city, Brie is still in shock. She has a brother, a twin. She isn’t alone after all. Her world is changing fast. And soon it’ll be her turn. As her powers begin to manifest, and her training begins, Brie finds herself trying to juggle her changing body with her mission. A mission that she doesn’t truly understand. Soon, however, the truth of what she’s been tasked to do will dawn. And as another attack from the Fanatics rocks the city, Brie finds herself drawn into making a terrible choice. Take a life to save a life. And maybe help stop a war. Note: The books ends on a cliffhanger

Customer Reviews

I was surprised when the story took up right where the first one left off. It starts off with Brie finding out that not only does she have a twin brother but is one of the enhanced that she has spent her life disliking. She isn’t a common enhanced but discovers she has multiple powers. She agrees to help get information to help the common unenhanced and over throw the leaders. To her surprise she finds out even more is expected of her than she could even guess. She isn’t sure she can do what

is asked of her but when there is an attack causing the death of two of her friends which in turn leads to the arrest of another close friend who she feels is like a brother to her. As she and her twin brother try to rescue her friend Drum she has to evade capture which if she is caught will lead to reconditioning or death. Her bid to escape will leave you holding your breath hoping she makes it. This is another of this author's books that will make it hard to get anything done because it's very hard to put down. I love it and am very confident you will too. I will let you know that it ends with a very exciting cliffhanger.

This book revealed a few secrets and filled in some of the back story with Brie and Zander. I am not convinced that after finding his long lost sister he plans to send her on suicide mission without a thought for how she's feeling. Brie is torn between her old life and her mission but the safety of her friends is paramount. Facing an impossible choice I wonder if she will choose a different way.

I can't stop reading this series! The story is well-developed and you can truly get behind the characters. Easy to imagine what is happening in the story. Thank you TC Edge! Keep writing!.

The story continues to evolve and I've been enjoying the world she created. I'm older than the character and had to keep reminding myself how young she is, because I was a lot more suspicious of motives than she seemed to be. Even so good read. I've continued on with the series.

Although there wasn't a lot of suspense in this book, I want to know how this is going to end.

Still very good story; as good as a first book or even better. Interesting plot, action in reasonable pace. Everything is logic and coherent. I will read the next part with full engagement.

Intense. Edge of my seat. Swift. I stayed up late to finish the book! Can't wait for the next book to continue Brea's mission.

If possible, I think I loved this book even more than the first one. Fabulous dystopian young adult series. I can't wait for the next book in this series! Highly recommended.
