Customer Reviews

This is a very simple book with almost nothing helpful included. There are far better books on Crete. The only thing this has going for it is that it's recently published and cheap, but if you consider it is of almost no value then charging anything is too much. Sorry, I'm sure it's sincere, but not worth the money.

The book was not at all helpful. There are much better books. The information was not at all useful. I was hoping for more information on Crete and how to book a month stay on the island.
