Customer Reviews

The clear sleeves have what looks like indentations made from someone writing on top of them.....many of them had little splatter marks on them like something had been spilled or splashed on them. There is a small tear at the top of the binding.....I would have returned the book had I taken a closer look, but I had already started the scrapbook project. I was pretty disappointed.

Nice scrapbook but packaged very poorly

It was a gift for my son who leaves for Marines boot camp at Parris island August 28th. He loves it and can't wait till fill it with his memories.

Once a Marine, always a Marine. Perfect scrapbook to capture the fond memories & poignant messages from/about the Marine. I photographed a USMC silent drill event & made the book up for a Father's Day gift. My Dad will treasure it always. Marine pride runs deep no matter what the age, and this is a great place to collect photos, writing, patches...Whatever memorable items that would please. Wonderful gift. Good quality.

I received the book and it was damaged. When I notified the company they told me to send it back(at my cost) and they will then reimburse me They have no other books to exchange it for. My son just returned from Afghanistan and I wanted to create a memory book for him. I was surprised the book came in a plastic bag, no wonder it was damaged. If it was in a box it might have been in better condition. Not happy with the company.

It's great. And I was happy to learn it is expandable.

Nice find. Everything as advertised and delivered promptly. Very satisfied.

High quality. Big size. You can easily add pages since the front may be removed. I would buy this product again
