No Debt, No Sweat!: Catching Up, Getting Ahead, And Enjoying Life

Synopsis

No Debt, No Sweat! shows Christians how to free themselves from the bondage of financial pain. It is written for people who are financially sound and looking for investment strategies as well as people who are in financial turmoil and need a successful plan for getting out of debt. Author Steve Diggs discusses some very serious issues, with a style that is humorous and upbeat. His focus is biblical, while his approach is confessional. No Debt, No Sweat! will teach readers that over-spending is frequently a spiritual issue; often trying to fill the holes in our hearts with stuff. Yet, upon closer examination, readers will see that these holes are shaped exactly like Jesus; and nothing else will fill them.

Book Information

Paperback: 384 pages

Publisher: B&H Books (January 1, 2004)

Customer Reviews

Readers of Larry Burkett and Mary Hunt will find no new information in this personal finance guide for Christians, which is virtually indistinguishable from others already on bookshelves. However, Diggs (who leads marketing and finance seminars around the country) offers a reliable and comprehensive version of the traditional one-stop-shopping personal finance guide. He tackles the major issues that plague many Americans who are in debt, and spends some time analyzing the underlying spiritual reasons why they got that way. But the bulk of the book is taken up with practical topics: creating-and sticking to-a budget; being a shrewd car shopper (as a former car dealer, Diggs has some especially good tips here); buying insurance and a home; teaching kids about money; saving and investing; and retiring with dignity. Although there's nothing new under the sun, Diggs's

guide is a sensible introduction to such concepts as dollar-cost averaging, 529 plans, adjustable-rate mortgages and no-load mutual funds. Copyright © Reed Business Information, a division of Reed Elsevier Inc. All rights reserved.

Good information with a Biblical slant. Well written and easy to comprehend.

This purchase was used to teach young adults how to budget and manage finances in the today's world. Steve Diggs has put managing money into very simple terms and should be a must read especially for young adults.

THIS BOOK ARRIVED RIGHT ON TIME IN EXCELLENT CONDITION. I BOUGHT IT FOR MY SON WHO HAS STRUGGLED WITH DEBT AND BUDGETING. SINCE HE BEGAN READING THIS BOOK HE HAS STARTED GIVING TO CHRISTIAN CHARITIES, OPENED A SAVINGS ACCOUNT, AND IS GETTING ON A BUDGET. I'M VERY SATISFIED.

It was fun and easy to read. There were a ton of tools I could grab and use immediately.

This was a well-written book on personal finances in layman's terms. Very helpful for those who are interested in improving their own finances.

If you want a balance perspective from a spiritual and financial point of view, then this book is a MUST READ. You will learn a very basic and important foundation on how to handle your finances. Steve Diggs teaches concepts and principals that aren't taught in our public schools and college universities. This book is a very easy read that can help prepare anyone for a strong financial foundation to grow. If you want to be a good Stewart/Manager of the financial blessings God gives you, then this book is for you. God Bless you to your success.
