Traveler's Guide To Alaskan Camping: Alaskan And Yukon Camping With RV Or Tent (Traveler's Guide Series)

Synopsis

For RV and outdoor enthusiasts camping in Alaska is the experience of a lifetime. Miles and miles of virtually empty roads thread through towering snowcapped mountains, crystal blue glaciers, and colorful wildflowers. Away from the road there's even more – a true wilderness just a short boat or airplane ride from civilization. Traveler's Guide to Alaskan Camping gives you the information you need to experience Alaska's outdoors. The book features almost 500 campgrounds throughout Alaska and also along the roads north in the Yukon Territory and Northern British Columbia with full campground descriptions, addresses, website addresses and maps showing exact locations, complete coverage of the routes north, including the Alaska Highway, the Cassiar Highway, the Klondike Loop, and the Alaska Marine Highway, RV rental information for renting a camping rig in either Alaska or Canada, and much more.

Terri and Mike Church have been traveling, writing and publishing travel guides for RVers for 23 years. They have written 25 books including several editions of the four books that make up the Traveler's Guide series: Traveler's Guide to European Camping, Traveler's Guide to Mexican Camping, Traveler's Guide to Alaskan Camping, and Traveler's Guide to Camping Mexico's Baja. Their books are the bibles for camping travel to those places. Terri and Mike continue to travel to each of the destinations they write about. They maintain a detailed

database of campground and tourist information and have built a network of contacts with the providers, promoters, and users of the camping services in these areas.

Very complete guide for first-timers to Alaska like us. Even long-time residents might learn of some new, interesting and economical places to stay during an extended RV trip around the state.

We just completed a 7 day RV trip through Alaska. This was our first RV experience. I found this book invaluable. We stayed at several different campgrounds some with full hook-ups and some with none. It is a very comprehensive guide that covers not only Alaska but the Yukon along the Alcan highway as well. It provides information on each camp site, broken down by area, such as pricing, type of hook-ups, type of sites RV or tent, and local sites/activities.

Very thorough, well written and informative! I recommend.

I have used Mike Church's guides for several years while traveling in the Yukon and Alaska and they are extremely accurate and valuable. "Don't leave home without it"!

Love this book. Planning our Alaska trip next year was overwhelming as I was not familiar with the roads. This gives great info to help with an orientation as well as details for traveling along the way. It also gives example itineraries that I can just follow if I want. I never read guides cover to cover...but, I did this one!

This was a great little book. Used this along with Milepost for our trip up the Alaska highway. Up to date info on RV camping,.

Very helpful for traveling in the Alaskan area

Excellent guide
