Customer Reviews

Very satisfied with the item and seller.

I ordered this book because I really like this album and finding 100% accurate tabs online is very difficult. The book is, to my knowledge, 100% accurate and fun to play. This book is great for beginning guitarist because most of the songs are very simple and straight forward.

Item was just as described arrived very quickly. Thanks so much will be doing business with you guys again for sure!

Great tabs that match right up to the songs! This book is great for beggining guitarists who want to learn some stuff and for more experienced guitarists who want something new and cool to jam on!
