Comparative And International Education: An Introduction To Theory, Method, And Practice

Synopsis

This revised and updated second edition of *Comparative and International Education: An Introduction to Theory, Method and Practice* provides a comprehensive and authoritative introduction to the key themes, definitions and approaches in this important field. It covers the history, theory, and methods of comparative and international education, as well as the relationship with education and national development, and outlines what we can learn from comparative studies. Clear explanations are complemented with examples of real research in the field including work on policy borrowing, learner-centred pedagogy and university internationalization.

Customer Reviews

“Comparative and International Education: An Introduction to Theory, Method, and Practice, now in its second edition, continues to live up to its name ... New directions and research foci are couched within a succinct and clear explication of the fundamentals of comparative research. Discussions are presented in an easily readable yet thought-provoking way ... Education students, researchers, seasoned teachers, and the growing community of users and producers of comparative studies will find in this book an excellent vademecum. The authors sincerely deserve to be commended for writing it.” - Comparative Education Review

David Phillips is Emeritus Professor of Comparative Education at the University of Oxford, UK, and an Emeritus Fellow of St Edmund Hall, Oxford, UK. Michele Schweisfurth is Professor of Comparative and International Education at the University of Glasgow, UK. She was Chair of the
