Loved this book well worth the money if you ask me!!!! If you buy it you won't regret it!!! I promise!

One of the best tween romance series EVER !!!!! I loved the cliff hanger can't wait for the next book!!!!!!

this book is so great and it involves Nikki's first kiss! You should totally get this book and it's hilarious.

I don't think of it as good, great, or amazing. IT'S FANTASTIC!!!! I read all of the other books in order and it totally makes sense on how she feels. It's more of a pick up of the the third book and the one before this one. If you skipped all the other books, and you liked this one, you MUST read the ones before this one. I'm getting the new one, without doubt!

Nice follow up to the already great book series. can't wait for the next book!! #dorks for life and ever

This book was another great release to the dork diaries series. I am a big dork diaries fan. I got into

the books when I was staying in my cousins house. I woke up and she was still asleep. On her bedside table was a dork diaries book. The next thing I knew I had half the book read!!!!In this book.Nicky and her band get their own T.V show. But it's not all as good as it sounds. At first Nicky loves it. But when the camera's start following her EVERYWHERE, she finds out life as a pop star is not that great.Also in this book is the romance between Nicky and Brandon. After what happened at the dance they don't know where they really stand. They go around blushing and staring for a while. Then comes a shocking surprise.....I would recommend this book to anyone 8 and upwards. I would also recommend reading the books in order. But it's up to you. You wouldn't regret buying this book!!!!

Love this book! Makes me believe in my self and let my inner dork shine! Piece of Advice read this book!!!!

I love love love it if you like this book too go get more of the books you'll love em too
