Good

Lots of variations covered in easy to follow format. I am interested mostly in Mexican Train, but this book, which I borrowed free on Kindle Unlimited, opened my eyes to lots of possibilities! I thought you just lined up dominoes and pushed one over and they all fell! A group I have worked with was always talking about who won. Now I know what they meant.

Can get same instructions on Internet with more detail for free. Don't waste your money on this book go to the internet instead
