Patterns: Inside The Design Library

Synopsis

An insider's guide to the world's largest archive of patterns and textiles, the source of inspiration for the globe's top designers. Every season, designers from fashion, home furnishings, textiles, graphic arts, and paper-product industries seek inspiration from patterns to bring their collections to life. Many of these designers - including Beacon Hill, Boden, Calvin Klein, Clinique, Colefax & Fowler, Lululemon, Nike, Oscar de la Renta, Pottery Barn, and Target - look to the Design Library, the world's largest archive of surface design. This one-of-a-kind book, drawn from the Design Library's archive, is an exclusive and ultimate sourcebook of pattern and ornament.

Peter Koepke is the owner and director of the Design Library, located in Hudson Valley, New York, and London. He joined the company in 1990, after fifteen years as a collector and dealer, during which time he created seminal art collections for museums, universities, corporations, and individuals throughout the United States, Europe, Australia, and Japan. Peter now travels extensively in search of coveted collections to expand the Design Library's archives.

I'm a textile junky. So, I love this book! I would love to live in this pattern library!

Absolutely beautiful book. I just enjoy flipping thru it.

If you enjoy the history of fabric patterns, this is the book for you.

Beautiful book, perfect condition, shipped FAST! Thanks!

good but a little bit expensive

I don't know when this high-end publisher started making art books on what I deem inferior paper. I saw lots of hype for this book and well the patterns are beautiful I'm not blown away.

The book arrived on time and as described. It was a gift for my daughter and she is very pleased with it.

Invaluable and enjoyable - what more could you ask for?
