Many Eagles classics are included in the 300 plus pages heavy song book. Fairly easy to see notations but not as easy as Hal Leonard's song book's. Would like to see singing key to start song, especially on songs unfamiliar. A bit hard to flip pages on several songs with 4, 5 or 6 pages. Just keeping it real. Still a good value for true Eagle fans.

Big, bold print. Great & easy music book to follow and has everything I need. My only gripe is the quality of the cover. It's just a cheap, flimsy card stock that tears easily. I'm gonna cover it with clear self laminate to secure and preserve the book. Other than that, I love it. Great purchase.

If you like the Eagles, you will love this book. Good price too.

It's great having access to all these Eagles hits - planning to perform quite a few. There was another Eagles book quite a while ago that included vocal parts as well, which would have added to this one a lot. It's still a wonderful collection. I just saw them last week, and they still have the magic - one of my all-time favorite bands.

very good for beginner to intermediate player especially if you love the eagles as I do. Not too many Barre chords required

got to just love this book

I love the Eagles almost as much as I love the Beatles. All my favorite songs are here.

Received the music just as promised. This company was great.
