A Rogue Of My Own (Reid Family Series)

Synopsis

How does an innocent lady find herself forced to wed a royal spy who seduced her—by mistake? For Lady Rebecca Marshall, a whirlwind of passion and excitement begins when, to her mother's great delight, she becomes a maid of honor at the court of Queen Victoria. Rebecca's mother sees this appointment as a golden opportunity for Rebecca to make a good match. At court, Rebecca innocently steps into the rivalry between the queen's spymaster and the noblewoman in charge of the maids of honor who is using the maids to spy on powerful courtiers. Soon Rebecca is entangled in a web of deceit with the charming marquis Rupert St. John. The devastatingly handsome —er-do-well is the cousin of Raphael Locke, with whom Rebecca was once infatuated. What she doesn't know is that Rupert is a secret agent of the crown who leads a double life. When Rupert obtains proof that Rebecca is spying on him, he seduces her. He hardly suspects her guileless nature. Forced to the altar, Rupert believes that Rebecca has set a trap of the worst sort in order to marry into his powerful family. Although he vows never to be faithful to his beautiful wife, as Rupert comes to know Rebecca's wit, adventurous spirit, and generous nature, his vow of revenge turns into a desire to share many passionate nights only with his wife for the rest of his life. Warm, witty, and filled with the “deliciously sexy” (Booklist) flirtation that makes each of her bestsellers an irresistible gem, *A Rogue of My Own* will have listeners falling in love with Johanna Lindsey all over again!

Customer Reviews

“First-rate romance.” —Daily News (New York) --This text refers to the Audible Audio Edition edition.

Johanna Lindsey is one of the most popular authors of romantic fiction, with over sixty million copies of her novels sold. World renowned for her novels of “first-rate romance” (New York Daily News), Lindsey is the author of forty-three previous bestselling novels, many of which have been #1 New York Times bestsellers. Lindsey lives in Maine with her family.

I wish there was a star that can convey annoyance. I did not like the hero . He was an arrogant jackass. He was cruel and made so many assumptions of the heroine. I wish the heroine had taken the decision to not go to his family and continued on with her life as a strong independent woman. The story would have been more powerful and interesting if the hero had realized what a great mistake it was to let go of the heroine and should have grovelled a lot more to win her respect. The story felt wrong on so many levels. The palace intrigue was so plain that I couldn't believe that spies were not able to listen to what Becca and Rupert were shouting out in the halls. On the whole, the book could have been a whole lot better. Really disappointed with the rushed out ,going all over the place book.

Not my favorite book by a long shot, very predictable. I wanted to like it but it was so.....blah that I just couldn't get into it at all. I hate leaving bad reviews for one of my favorite authors but this book did nothing for me and I found it very simple and wanting. I would have loved to read a true twist in this book but I knew what was happening long before it happened. However, I will continue to read this authors books because I simply love the way she puts words on the paper even if this one was a complete flop in my mind.

What a fabulous story with incredible storytelling. On this author has written a heartwarming and beautiful love story incorporating some of my favorite characters from previous stories in this fantastic series. This story definitely deserves a five plus star rating and will be definitely on my to read shelf for years to come.

I have recently (past 6 months) reread Ms. Lindsey's books after almost 22 years. Now with the internet availability I have rediscovered more of her work and have nothing but good things to say of her writing. I really enjoyed this book and was able to finish my set of her Locke series with this book. I really recommend it!

Great prices on books

I love Johanna Lindsey Books. My Mom started me reading them when I was in just out of high school, many, many, many years ago.

This story end as if J.L. suddenly thought, "Oh, I have 100,000 words. I need to end the story now." There was this really pitiful scene with the heroine and hero and another distraught character, and poof, the story was over. If this book had appeared earlier in J.L.'s career, I would not now have every book she had written in my collection. This was truly one of the weakest links in what has otherwise been a distinguished writing career.

I absolutely thoroughly enjoyed reading this book. I can't wait to read the next book in the Reid Family series.
