Customer Reviews

Helped me refresh my memory re: since closed favorite restaurants. Very inexpensive

i have been to new york city several times and always consult my zagat guide. it has never let me down! i would not dream of not going without it!

I have a girlfriend who "has everything" so she has asked for this as her annual Christmas gift. She loves it. Service with this seller is great

Where would we be without Zagat? I don't always agree with their reviews, but it's somewhere to start. After you read the review you can always check out the web site. If anything the reviews are more critical than they need to be. I have never been disappointed.

If you are planning to take a trip to New York City, be certain that you have the latest copy of Zagat's with you. It will totally enhance your dining experience. don't leave home without it.

What's to say? Restaurants come and go so frequently in New York that even natives are lost without one of these.

The Zagat is indispensable when it comes to reviewing restaurants. When I plan a dinner or lunch I always consult my little red book. It is exceptional and even has the restaurants subdivided into various categories e.g. prix fix, neighborhoods, most popular, etc. An essential must have for anyone dining in NYC!

We live outside of NYC in Stamford, CT and we head into the city about every other weekend. We love go out to eat and so we're ALWAYS carrying around this book (its small enough to fit in a medium sized purse) and referring to the book to get an idea of price, atmosphere, location, etc. I refer to the book at least once a week to find out more information about a place....its the only place I look for reviews and it has basically become the only place I look for ideas on places to go! If its not in Zagat, usually I'm not interested in going!! Most of the times its for dinners, but I've looked it up a few times for lunch/bars too. Great sections - separated by location if you're looking for a particular area of the city, or type of cuisine, or atmosphere (even stuff like, does it have a fireplace?). Great gift....I've given it out several times to newcomers to the city, and they don't go anywhere w/o it either. Would buy again when my book gets old!!! And, I will buy it again for someone as a gift..!
