When I visited Nashville in July, I went through lots of preparation to make the most of my limited time there. (one week). There are lots of guides and online information around. From a few which I accessed, this is definitely the best. There were one or two places I found in addition to those listed, and there were more than one or two which did not live up to the reputation provided in this guide. Nothing unusual about that, of course, but that's why it's a 4 not 5 star rating; nonetheless I highly recommend this as one of the best if not the best out there

Our trip to Nashville was through the roof fun because of Finch's insightful, fascinating guide. While at our hotel pool each morning, I found myself ditching my novel to read various sections of the Insider's Guide that pertained to our day's plans. We not only discovered interesting bits of Nashville' history but also Music City's foodie scene and enjoyed some of the best meals of our lives! Thank you J.S. Finch! Keep writing!

Good book for vacation planning!
