Who is God? Are angels and demons real? Does God care how you live your life? Are the promises of the Bible really true? Lester Sumrall, a world-renowned pastor and evangelist, offers straightforward answers to these burning questions of life. The spiritual realm is all around us, and more things count on spiritual battles than we realize. Sumrall will give you examples of his encounters with angels, demons, and the living God that will convince you that there's more to this world than what you can experience through your senses. God is also concerned with earthly matters-how you live your day-to-day life. Sumrall will show you God's concern and perfect plan for many aspects of your life. Are you ready for God to be revealed to you?

Lester Sumrall (1913-1996), world-renowned pastor and evangelist entered full-time service for God after experiencing what he recalls as the most dramatic and significant thing that ever happened to him. At the age of 17, as he lay on a deathbed suffering from tuberculosis, he received a vision: suspended in midair to the right of his bed was a casket; on his left was a large open Bible. He heard these words: "Lester, which of these will you choose tonight?" He made his decision: he would preach the Gospel as long as he lived. When he awoke the next morning, he was completely healed. Dr. Sumrall ministered in more than 110 countries, including Soviet Siberia, Russia, Tibet, and China. He established Feed the Hungry in 1987. In addition, he wrote over 130 books. His evangelistic association (LeSEA), headquartered in South Bend, Indiana, is still actively spreading

God's Word. Dr. Sumrall's goal was to win 1,000,000 souls for the kingdom of God, and the ministry continues this vision. LeSEA ministry includes such outreaches as the World Harvest Bible College, radio and television stations, a teaching tape ministry, and numerous publications.

This book gives a lot of incites and breaks down so many aspects of christianilty and living for God. Lester Sumrall's indept explanation of the names of Jesus, the holy spirit, angels & demons gives you great knowledge of God and how to grow personally and also as a church. I will recommend this book to every believer

I've only received this book yesterday. It is so full of pertinent information for every believer in Jesus Christ. It is detailed and an easy read. Even though I've just started, I've been impressed by how Biblically sound it is, for Dr. Sumrall uses scriptures and examples!

A very good reference book. Pick a chapter and you don't have to read from front to back but eventually you will. It's very good for newbies as well as season believers.

love it excellent book

After seeing Lester on tv started buying his books Going to buy them all He writes so everyone can understand great teaching

Everything you need at your finger tips. Lester Sumrall is known for his wonderful wisdom of the word of God.

Lester Sumrall was healed of God at an early age and lived his life as a spiritual adventurer who traveled the world telling people that Jesus Christ could do miracles. It was backed up with signs and wonders just as the Bible says. This compilation of books he's authored makes for a powerful collection. Writing on the Names of God, Sumrall explains how each Name was revealed to a specific person or persons in the Bible. For example, he writes, "God was teaching Abram more and more about Himself by giving him these different names for God. Each name had its own particular meaning, and revealed more of God's nature" (p. 55). Sumrall attributes a lot of what he learned on the gifts of the Holy Spirit to Howard Carter. As a young man, he learned from Carter firsthand insights that would stay with him a lifetime. He says the entire charismatic movement owes a lot to

Howard Carter for the revelation of these truths. Sumrall echoes what others say, that God works with the knowledge you possess. Sumrall puts it, "God cannot bless ignorance; He can only bless intelligence" (p. 130). In other words only the truth you know will set you free. The section on angels couples his personal experiences with what the Bible says about their functions. Angels are mysterious. Some things can only be reported and not understood completely. Lester Sumrall left a legacy of doing the works of God. He also left us some marvelous insights on spiritual truths. This was a man who didn't just talk, but knew how to work with the power of God in seeing miracles happen.

I would have bought this book if it had a table of contents that was linked to each section. For a book this size it would be pure chaos trying to find what your looking for.
