## Customer Reviews

maybe useful if you play bongo, very limited conga material.

Ted Reeds books should be a staple in any drummer/percussionist's library. His ability to break things down to the very basic element is what makes his books so good. You don't get a lot of unnecessary stuff, just good solid stuff that you can use and build your tool kit with. Highly recomend this book! Glad its not out of print like I thought.

Very good!

It has an interesting way to start practicing quietly and better.

Nicely done... as expected.

Good book. I practice this book every day.

this book had more about bongo"s than conga..it wasn't what i expected to be. a waste of my money and time.....

Thanks! The delivery so fast. Is good book and have simple examples, etc.
