## Customer Reviews

i like this book and would recommend to anyone into animals and grayscale art. i color and waterpaint and the paper is pretty decent not wonderful but good enough and worth the price

Been wanting a grey scale or gray scale coloring book for a while now. I'm gonna have to learn first. The pictures are very nice and cute. love it

A more creative type of coloring that is thoroughly enjoyable and gives amazing results

I love this book. It is the first I got. It makes the animals so real they jump off the page. You will enjoy coloring and the results you get. Your friends will be amazed.. I can't wait to get another one.

Beautiful gray scale photos of animals.

Nice enough but it looks like a black and white picture. Not really my type of coloring book. but the pictures are good and you could frame them right out of the book if your in to black and white photos, Not a good coloring book to use felt tipped pens with, But if you colored pencils you just might have a masterpiece, Ya never know..

I like the book

This coloring book is just so much fun. I would totally recommend it.
