I probably own more cookbooks than I will ever need. I have at least a dozen about baking and

desserts. This one is the best dessert & baking books by a long shot. Not only is the instruction excellent but the recipes included are well chosen and interesting. I am a pretty experienced home baker, and this book helped me to master tempering chocolate, which I had previously attempted many times. There is so much advice given about ingredients, equipment, and the procedure that it is hard to go wrong. I found the step-by-step instructions and the explanations of how each ingredient contributes to the finished product's taste and appearance easy to understand! I have tried several of them all have been very enjoyable successes! As a bonus feature, each recipe also contains information on how to store your items to preserve freshness and flavor.

This is the book you should keep at least one copy at your kitchen as these foods are usually never cooked in some houses just because they don't love it but because they don't know how to make them and goes to restaurant and bakery shop to enjoy them. My house is one of them, or i can say was. Now I can make Chocolate Raspberry Clafoutis, Pistachio Financiers, Fig Tart and more to choose from 51 recipes! I like to make them by myself. May be you can taste them if you come to my Dreamy Desserts what I am planning to start.

I love this cookbook! It contains a large variety of dessert recipes. Recipes are delicious and really quick to prepare. Most of the dessert recipes will take less than hour to prepare. They are simple enough to make, but delicious enough to impress your friends and family. All recipes in this book are saved with simpler ingredients with easy cooking directions. Your family followers will absolutely request you to prepare these dishes again and again.

This French dessert recipes made me excited and I cannot wait to make all of the recipes inside this book. It is also a must share for my family and friends. I have all of Hillary Davis' previous cookbooks and love them. This is her first all-dessert cookbook, and it's delightful. She makes using her recipes fun and interesting.

So love Hillary Davis cookbooks. I own so many cookbooks and I am Highly recommend the entire book for the photos and creative approach to traditional French desserts...and their stories.

This book is packed with delicious desserts recipes including filling and topping options. My family really likes the desserts so, it was a great book to choose. I'm happy with my choice.

I love Hillary's expertise and food wisdom. I consider her on par with Ina Gardner, The Barefoot Contessa. So when I saw she was doing a French Dessert book I anxiously waited. She does not disappoint! Every thing I've made has been exquisite! I love her sharing about her life in France and stories about the recipes! European desserts are not generally as sweet as traditional American desserts and I like that! Very good book. Lot's of excellent recipes that we have not yet tried, but look great.

I love this beautiful book. The instructions are simple to follow and the pictures accompanying the recipes are so lovely. This French dessert recipes made me excited and I cannot wait to make all of the recipes inside this book. It is also a must share for my family and friends.
