Grade 9 & Up--Huber explores the Zen perspectives of self-awareness, self-examination, and self-acceptance for this audience with mixed results. She suggests that teens have heard negative comments from their earliest days, which teach a self-hatred that is difficult to refute and leads to attempts to change that fail because they go against an individual's true nature. Instead, she urges readers to accept themselves with compassion. There are kernels of wisdom for those who are willing to delve beneath the psychobabble that permeates this book. For example, Huber says, "We can ask, 'What is outside the realm of compassion? What is not cared for?' And we can bring that into the healing light of compassion by simply acknowledging it, accepting it, allowing it." Some teens may respond to this sort of language by using it as an opportunity for self-examination, but others may get swallowed up in the verbiage and be unable to respond in the manner intended by the author. This would be one of the two books that I would give my teenage sons and I did just that. The writing is positive, engaging and intelligent. It is also easy to read. A very powerful message that directly challenges the false assumptions that we make about our personas that cause us to suffer and effect our self image. This is a book that can be read and read again because you will always get more out of it. Cheri Huber is one of the most important thought leaders of our time.

great book for struggling teens

Has been very helpful and healing for me for many years-

I found Cheri's books 9 years ago and benefit from them personally & professionally (I'm a psychtherapist & refer her books frequently). They are psychlogically sound & while they have a Buddhist lens one can be of any belief. The content is simple & profound. The layout is easy & fun to read. Fabulous in every way.

For very low self esteemed teens.

This book offers valuable considerations for everyone, not just teens. But what a blessing if your teen can learn these lessons early on!

There Is Nothing Wrong With You: For Teens is a spiritual, self-help book written to help not just

young people from emotionally abusive backgrounds, but all people who have learned to unfairly and over-harshly criticize themselves. *There Is Nothing Wrong With You: For Teens* is a positive affirmation of the good people have inside, even if they have grave difficulty in seeing it themselves. The atypical typeface resembles hand-printed lettering, conveying emotion but remaining eminently readable. Enthusiastically recommended and a welcome addition to the growing library self-help literature, *There Is Nothing Wrong With You: For Teens* is written in a highly accessible and skimmable style, for readers of all attention spans.
