Great online activities. I returned this though because I thought I was getting the book and not just the card.

Purchased this to go with the book I also purchased. It was new and the code was new so it worked but I still suck at Spanish and this wasn't helpful for me but it was required.

Works if your class is using 2015 My Spanish lab.

I bought the code from them and it is legitimate. They also have good prices too.

Book came as promised, when promised. No problems. Would purchase from them again.

Ordered MySpanishLab eText for my son taking Spanish for summer school and it worked perfectly for him. Got an A

Everything was perfect and in tact.

Good value, worked perfectly.
