The Handbook Of Chinese Snuff Bottles

Synopsis

This eye-popping book clearly and visually explores the history, types, and value ranges of Chinese snuff bottles from the 17th century to the present as no other book has. It concentrates mostly on affordable examples and explains how these can be just as important as their more expensive cousins. These small pretty objects are a reflection of the popularity of snuffing tobacco, particularly in the 17th and 18th centuries. Today, the bottles are avidly collected for their beauty, variety, and high level of craftsmanship. Here, 340 diverse bottles of stone, glass, enamels, porcelain, and other materials are shown in beautiful color photographs. Once you have read the book, you'll want to touch the bottles; and once you've touched them, you'll want to own some. The problem then will be when to stop, if ever.

Book Information

Hardcover: 158 pages

Publisher: Schiffer Publishing (May 31, 2002)

Language: English

ISBN-10: 0764315900

ISBN-13: 978-0764315909

Product Dimensions: 6.1 x 0.8 x 9 inches

Shipping Weight: 1.5 pounds (View shipping rates and policies)

Average Customer Review: 3.4 out of 5 stars 6 customer reviews

Customer Reviews

Trevor Cornforth and Nathan Cheung are each both enthusiastic snuff bottle collectors and respected antiques dealers with separate shops in Westcliff On Sea, Essex, U.K. They have also co-authored a larger volume, *Chinese Snuff Bottles, A Guide to Addictive Miniatures* (Schiffer, 2002).

Inadequate. No explanation of the marks on the bases of the snuff bottles. Very superficial and you can do better for the money elsewhere.

Well, the photographs aren't all that clear, the quality of snuff bottles aren't very good BUT the author at least mentions modern day snuff bottles--and for that I will award an extra star. One should collect QUALITY as opposed to antiquity. Good carving and painting should count more than the age of the bottle. Enough said!

Not as detailed as I would have liked

A waste of money, very superficial knowledge and lacking in any real information. Even the bottle photographed of X collections do not have more than the most basic information.

You can never have too much information about Snuff Bottles. This book is clear and also gives price information which can make a big difference in buying and selling.

GOOD
